Dairy Ingredients in Food Processing

The Canadian Dairy Commission, in cooperation with the Guelph Food Technology Centre, is sponsoring a one-day seminar on Dairy ingredients in Food Processing. The discussions are intended to be highly practical and address the everyday issues facing further processors. Don't miss this great opportunity!

When: Thursday, October 24, 2002

Where: Guelph Food Technology Centre
88 McGilvray Street
Guelph ON N1G 2W1

Cost: \$275 for GFTC members
\$300 for non-members

MILKINGREDIENTS.CA Awarded Gold!

The CDC is proud to have been awarded the 2002 Canadian Farm Writers' Federation Gold Award in the World Wide Web category (the Henry Heald Award). This award is given to the best Canadian-produced Web site with the majority of its content devoted to regularly updated agricultural news. Special attention was paid to how the Web's unique interactive properties are used to enhance the site's style, content, objectivity, balance and originality. Written content as well as visuals were also judged.

This prestigious award would not have been possible without the significant contributions and expert services that have been made by our industry partners. The advice and ideas of private sector companies, government agencies, research centres and industry associations have contributed to making MILKINGREDIENTS.CA a relevant and complete information centre on dairy ingredients. We owe this award to them and to the staff at the Canadian Dairy Commission who manage this on-line industry service.

Also, our appreciation goes out to everyone who provided us with feedback via our on-line questionnaire and April 2002 survey.
