The Experts' FORUM

New Series!

In the coming months, the CDC will present a series of articles featuring Canadian dairy and food processing companies that have benefited from the Innovation Support Fund. We hope these articles will serve to inspire other companies to develop new and innovative products using Canadian dairy ingredients.

The first article in the series featured KOOLL Desserts, a company from St-Hyacinthe, Quebec. The second article, published in the June 2007 issue, features La Siembra Cooperative, a Fair Trade company from Ottawa, Ontario.
