Seminar Announcement

The Canadian Dairy Commission in partnership with La Fondation des Gouverneurs is pleased to announce an important seminar event to be held at the AAFC Center in Saint-Hyacinthe Québec on October 25th, 2007. The seminar is entitled: **Produire du fromage au Québec, facteurs essentiels de succès**

This seminar has been developed for the benefit of manufacturers of artisanal cheeses, specialty cheeses and cheeses destined for mass consumption.

Consumer loyalty today requires that cheese makers provide a consistent and high quality product with regards to flavor, texture, aroma and color. A high quality and consistent product requires that cheese makers fully understand and appreciate the current science and technology pertaining to the raw materials and the unique manner in which they are applied.
