Funding &  
Support for  
Innovation

### Matching Investment Fund (MIF)

The Canadian Dairy Commission is committed to supporting growth and innovation in the manufacture and use of Canadian dairy products and ingredients.

Learn how your new product development ideas may qualify for up to **\$300,000** in financial support through our new **Matching Investment Fund** for the following activities:

- **Consultation:** Where a company is seeking a preliminary consultation with a CDC recognized FTC or a consultant in management, marketing, food science or engineering, 50% of the costs of authorized activities would be funded by the CDC, up to a maximum of \$50,000.
- **Product development:** If a project proposal is eligible as per the criteria established in *Section 4* of the Program Guide, 50% of the eligible costs would be funded by the CDC, up to a maximum of \$250,000.

Projects that emphasize the use of solids non-fat (SNF) ingredients such as skim milk powder (SMP) milk protein concentrate (MPC) or liquid skim milk will be given priority attention under the **CDC MIF** and may be eligible for an increased level of funding.
